

Exhibiting at GEO-10

GEO-10 and the accompanying **m3 Conference** takes place on **24 & 25 March 2010** at **Ricoh Arena**, Coventry, UK.

The Set-Up Day for Exhibitors is 23 March 2010.

As the only dedicated UK national geospatial trade exhibition GEO-10 is the place for product launches and technology demonstrations, providing the ideal platform to meet up with contacts old and new. We have very carefully reviewed our prices to help keep down the pressure on cost. We have some great package deals available.

To find out more and secure your presence at GEO-10, call Sharon Robson on +44 (0)1438 352617 or email sharon@pvpubs.demon.co.uk

GEO-9 saw representatives of more than forty commercial companies and organisations on the show floor, this in turn helped attract nearly 700 attendees through the door. Is this an opportunity you can afford to miss?

GEO-10 offers the Exhibitor:

- Unrivalled numbers of senior decision makers
- Competitive, all inclusive stand packages - down on last year's rates!
- Excellent networking including a special Gala Evening of good food, fun and games

Exhibitors at GEO-10 will also get:

- Inclusion in pre-event marketing
- Year long entry in online guide & catalogue
- Opportunity to showcase new products / technology / experience in show floor seminars
- Complimentary catering and conference passes

GEO-10 has already attracted considerable interest from both UK and international companies including many of last year's exhibitors.

The sooner you reserve space, the quicker we can begin working on promoting your company through various channels including our regular e-newsletters and publications to our database of industry contacts.

Exhibitors at GEO-9 said:

"Well done in difficult times - it was better than I had anticipated"

"GEO-9 team have always been very helpful and accommodating"

"Good event, great opportunity to network and obtain contacts within the industry"

"Good networking, am seriously considering exhibiting again next year"

"Very useful and extremely enjoyable event"

"Very Good"
